(1) Mineral resources are mine and property totals and are not limited to Teck Cominco's interest

(2) g/t = grams per tonne

(3) Grade reported as % TiO<sub>2</sub>

(4) The company has the right to earn a 40% interest under a development agreement

(5) Coal resources expressed as tonnes of clean coal

Estimates of the mineral reserves and resources for the company's material properties have been prepared under the general supervision of William P. Armstrong, P.Eng., who is an employee of Teck Cominco. Mineral reserve and resource estimates for Antamina have been prepared under the supervision of qualified person Gordon Stothart, P.Eng., who is an employee of Compañía Minera Antamina. Messrs. Armstrong and Stothart are Qualified Persons for the purposes of National Instrument 43 - 101. Mineral reserve estimates for Louvicourt have been provided to the company by the project operator.

Mineral reserves and resources at Polaris were depleted during the year and the operation has been closed; reserves at Bullmoose were largely exhausted during the year and the mine will close in the spring of 2003.
